The authors clearly connect fundamental accounting concepts to challenges and triumphs in real businesses today. For instance, each chapter begins with a real-world company opener that is linked to applicable content throughout the chapter. In addition, new Certified Management Accountant (CMA) exam questions prepare readers for professional success, while Pathways Challenges help hone critical-thinking skills. Trust FINANCIAL AND MANAGERIAL ACCOUNTING to master the accounting concepts most important in business today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Aimed at independent students or those on

tutored revision courses, CIMA exam practice kits supplement the official CIMA study systems and revision cards with additional questions and material focused purely on applying what students have learned to passing the exam.
