Reacher goes where he wants, when he wants. That morning he was heading west, walking under the merciless desert sun—until he comes upon a curious scene. A Jeep has crashed into the only tree for miles around. A woman is slumped over the wheel. Dead? No, nothing is what it seems. The woman is Michaela Fenton, an army veteran turned FBI agent trying to find her twin brother, who might be mixed up with some dangerous people. Most of them would rather die than betray their terrifying leader, who has burrowed his influence deep into the nearby border town, a backwater that has seen better days. The mysterious Dendoncker rules from the shadows, out of sight and under the radar, keeping his dealings in the dark. He would know the fate of Fenton's brother. Reacher is good at finding people who don't want to be found, so he offers to help, despite feeling that Fenton is keeping secrets of her own. But a life hangs in the balance. Maybe more than one. But to bring Dendoncker down will be the riskiest job of Reacher's life. Failure is not an option, because in this kind of game, the loser is always better off dead. Neb wants the girl next door. She only dates vampires. To win her heart, Neb starts a journey into deepest, darkest Ohio, traveling from the shopping malls to the video arcades, determined to win his girl by losing his life. Along the way he is beset by ghosts, werewolves, his mother, a strange girl down the street, and a little brother who is too smart for his own good. Can Neb become a vampire and win his love? Or is he just another teenage idiot over-convinced of his own self-superiority? What would Frampton do? Seven other stories are also included in this collection. What has the zombie metaphor meant in the past? Why does it continue to be, so prevalent in our culture? This collection seeks to

provide an archaeology of the zombie tracing its lineage from Haiti, mapping its various cultural transformations, and suggesting the post-humanist direction in which the zombie is ultimately heading. READ A FREE PREVIEW OF THE EDGE-OF-YOUR-SEAT, HEART-IN-MOUTH NEW JACK REACHER THRILLER

Reacher never backs down from a problem. And he's about to find a big one, on a deserted Arizona road, where a Jeep has crashed into the only tree for miles around. Under the merciless desert sun, nothing is as it seems. Minutes later Reacher is heading into the nearby border town, a backwater that has seen better days. Next to him is Michaela Fenton, an army veteran turned FBI agent, who is trying to find her twin brother. He might have got mixed up with some dangerous people. And Reacher might just need to pay them a visit. Their leader has burrowed his influence deep into the town. Just to get in and meet the mysterious Dendoncker, Reacher is going to have to achieve the impossible. To get answers will be even harder. There are people in this hostile, empty place who would rather die than reveal their secrets. But then, if Reacher is coming after you, you might be better off dead. _____

Personality. Everybody loves Lexi. She's popular, smart, funny...but she's never been one of those girls, the pretty ones who get all the attention from guys. And on top of that, her seven-year-old sister, Mackenzie, is a terror in a tiara, and part of a pageant scene where she gets praised for her beauty (with the help of fake hair and tons of makeup). Lexi's sick of it. She's sick of being the girl who hears about kisses instead of getting them. She's sick of being ignored by her longtime crush, Logan. She's sick of being taken for granted by her pageant-obsessed mom. And she's sick of having all her family's money wasted on a phony pursuit of perfection. The time has come for Lexi to step out from the sidelines. Girls without great personalities aren't going to know what hit them. Because Lexi's going to play the beauty game - and she's in it to win it.

Describes the author's road trip investigation into the cultural divide of the United States during which he met possum-hunting conservatives and prayer warriors before concluding that both sides might benefit if the South seceded. What happens when a graduate of MIT, the bastion of technological advancement, and his bride move to a community so primitive in its technology that even Amish groups consider it antiquated? Eric Brende conceives a real-life experiment: to see if, in fact, all our cell phones, wide-screen TVs, and SUVs have made life easier and better -- or whether life would be preferable without them. By turns, the query narrows down to a single question: What is the least we need to achieve the most? With this in mind, the Brendes ditch their car, electric stove, refrigerator, running water, and everything else motorized or "hooked to the grid" and begin an eighteen-month trial run -- one that dramatically changes the way they live, and proves entertaining and surprising to readers. Better OFF is a smart, often comedic, and always riveting book that also mingles scientific analysis with the human story, demonstrating how a world free of technological excess can shrink stress -- and waistlines -- and expand happiness, health, and leisure. Our notion that technophobes are backward gets turned on its head as the Brendes realize that the crucial technological decisions of their adopted Minimize community are made more soberly and deliberately than in the surrounding culture, and the result is greater -- not lesser -- mastery over the conditions of human existence. When her best hope of saving her storm-damaged library is found murdered, senior librarian Cleo Watkins

hits the road in her bookmobile in search of justice. Septuagenarian librarian Cleo Watkins won't be shushed when an upstart young mayor threatens to permanently shelve her tiny town's storm-damaged library. She takes to her bookmobile, *Words on Wheels*, to collect allies and rally library support throughout Catalpa Springs, Georgia. However, Cleo soon rolls into trouble. A major benefactor known for his eccentric DIY projects requests all available books on getting away with murder. He's no Georgia peach, and Cleo wonders if she should worry about his plans. She knows she should when she discovers him bludgeoned and evidence points to her best friend, Mary-Rose Garland. Sure of Mary-Rose's innocence, Cleo applies her librarian's sleuthing skills to the case, assisted by friends, family, and the dapper antiquarian bookseller everyone keeps calling her boyfriend. Evidence stacks up, but a killer is overdue to strike again. With lives and her library on the line, Cleo must shift into high gear to close the book on murder in *Better Off Read*, the charming *Bookmobile* series debut by Nora Page. **NOW A NETFLIX ORIGINAL SERIES** Like bad smells, uninvited weekend guests or very old eggs, there are some things that ought to be avoided. Snicket's saga about the charming, intelligent, and grossly unlucky Baudelaire orphans continues to alarm its distressed and suspicious fans the world over. The tenth book in this outrageous publishing effort features more than the usual dose of distressing details, such as snow gnats, an organised troupe of youngsters, an evil villain with a dastardly plan, a secret headquarters and some dangerous antics you should not try at home. With the weather turning colder, this is one chilling book you would be better off without. Macallan and Levi are best friends from the first day they meet in seventh grade, but over the years their close friendship keeps interfering with their dating life because everyone else regards them as a couple. Every sorority has its secrets... And college freshman Ginger Carmichael couldn't care less. She has more important things on her mind, like maintaining her perfect GPA. No matter how much she can't stand the idea of the cliques and the matching colors, there's something about the girls of Alpha Beta Omega--their beauty, confidence, and unapologetic sexuality--that draws Ginger in. But once initiation begins, Ginger finds that her pledge is more than a bond of sisterhood, it's a lifelong pact to serve six bloodthirsty demons with a lot more than nutritional needs.

Despite her fears, Ginger falls hard for the immortal queen of this nest, and as the semester draws to a close, she sees that protecting her family from the secret of her forbidden love is much harder than studying for finals. In this wide-ranging collection of entertaining and thought-provoking essays, Isaac Morehouse shares his original, liberty-minded take on infomercials, Aristotelian ethics, squirrels, and why inflation is like an energy drink. There is, however, a central theme that runs through the whole collection and loosely ties the essays together. That theme is simple: freedom is better than force. Morehouse takes you on the journey of his own transition - from asking what works for society in the abstract to seeking what works for you as an individual. How can you become more free? 'Rarely is such an important book this funny. And rarely is such a funny book this important' - RICHARD OSMAN 'The second funniest book I have read about being a Labour supporter from Blair to Brexit' - JOHN O'FARRELL 'Matt Forde is brilliant at finding the comedy which often accompanies political life. This book made me laugh out loud - and wince in recognition' - TONY BLAIR 'This book is smarter and funnier than Donald Trump. Matt Forde was so bad at politics that I'd have considered working for him' - ANTHONY SCARAMUCCI 'That Matt Forde is able to make the current political shit-show funny shows his genius. You'll be laughing too hard to notice, but this is a very clever book' - RUTH DAVIDSON 'Definitely one of the books I will claim to have read this year' - JACK DEE 'Absolutely brilliant. I didn't want the book to end but I'm glad Fordy's political career did. And I mean that as both a compliment and not a compliment' - RUSSELL HOWARD ----- Part memoir, part behind-the-scenes insider view, Politically Homeless is both a fascinating and funny book for anyone who feels annoyed by the current state of politics. Which should be around 65 million people in the UK alone. Matt Forde has been obsessed with politics ever since he was 9 years old. Raised by a single mum on benefits in inner city Nottingham, he joined the Socialist Workers Party as soon as he could, foisted issues of Marxism Today on innocent bystanders and attended his first political party conference. From then on, despite some career suicide moments such as chatting to the Prime Minister at Number 10 while badly drunk, Matt's whole future looked wedded to the Labour Party as he started working for MPs in

dingy back rooms in Nottinghamshire. But then Labour started to fall apart, and so did Matt's sense of purpose. With the rise of Corbyn, Brexit and Trump, his love for politics that had been so profound began to quickly crumble. Exploring themes such as tribalism, the curse of complacency and why some politicians refuse to speak normally, *Politically Homeless* is a hugely entertaining book of (often hilarious) personal stories and thought-provoking insights into this complicated world. And despite everything, Matt's passion is still there. Through hosting his award-winning weekly podcast, 'The Political Party' (over 5 million downloads) involving interviews with some of politics' most powerful and notorious figures including Tony Blair, Nicola Sturgeon, Sadiq Khan, Michael Heseltine, Nigel Farage and Jacob Rees-Mogg and performing critically acclaimed stand-up comedy shows, Matt has been able to keep enough faith that politics will get better. Jack Reacher is today's James Bond, a thriller hero we can't get enough of.' Ken Follett 'If you haven't read any Jack Reacher, you have a treat in store . . . a hitchhiker without a phone, a one-man force for good.' The Times 'A contemporary version of the knight in shining armour . . . Reacher is a mythic figure.' Literary Review 'Jack Reacher is a wonderfully epic hero; tough, taciturn, yet vulnerable... Irresistible.'

People 'Jack Reacher has long since earned his prominent place in the pantheon of cool, smart-talking American heroes.' New York Times Are we living the good life—and what defines 'good', anyway? Americans today are constructing a completely different framework for success than their parents' generation, using new metrics that TEDWomen speaker and columnist Courtney Martin has termed collectively the "New Better Off". The New Better Off puts a name to the American phenomenon of rejecting the traditional dream of a 9-to-5 job, home ownership, and a nuclear family structure, illuminating the alternate ways Americans are seeking happiness and success. Including commentary on recent changes in how we view work, customs and community, marriage, rituals, money, living arrangements, and spirituality, The New Better Off uses personal stories and social analysis to explore the trends shaping our country today. Martin covers growing topics such as freelancing, collaborative consumption, communal living, and the breaking down of gender roles. The New Better Off is about the creative choices individuals are making in their vocational and personal lives, but it's also about the movements, formal and informal, that are coalescing around the "New Better Off" idea—people who are reinventing the social safety net and figuring out how to truly better their own communities. If Miss Laura Hopkins desired a husband, her beauty, brains, and fortune would make it easy to acquire one. Instead, Laura prefers to put her charms to another purpose entirely. Using the alias Lady Sterling, Laura helps young women who have been mistreated or compromised by their employers. Some might see it as theft and blackmail. For Laura, it is a small measure of justice. But while in pursuit of her latest target, Laura is unexpectedly aided by a gentleman who announces that he is Lord Sterling. As a spy for the Crown, Captain Jeremy Addison, Viscount Sterling, has been assigned all manner of dangerous missions, though none as complicated as investigating the beguiling Lady Sterling. Forced to pose as newlyweds at the home of a disreputable earl, Laura and Jeremy forge an unexpected alliance—and a passionate connection. But can such a dangerous masquerade possibly lead to a real, lasting love? Abril Hart wants nothing more than to live a peaceful life with her family in Chicago. Unfortunately, Abril's father's family business gives her no room to do so. As a career arsonist, Abril decides she may never

win her peace. Abril has no choice, but to lead the double life she's afraid of in order to provide for her family. Max Adara returns to the private investigation force after losing years to a tragedy with domino-effect consequence and memories of abandonment. Max's only chance to keep her fractured family afloat is to solve her cousin's arson-murder case. But as strange accidents start befalling the investigation, Max senses that she might have been cast a character in an insidious plot that puts her life in danger. To solve the case ahead of her, Max must fight to distinguish between reality and hoax, knowing that if she can't, someone else will die too.

Throughout Canada, provincial, federal, and municipal archives exist to house the records we produce. Some conceive of these institutions as old and staid, suggesting that archives are somehow trapped in the past. But archives are more than resources for professional scholars and interested individuals. With an increasing emphasis on transparency in government and public institutions, archives have become essential tools for accountability. *Better Off Forgetting?* offers a reappraisal of archives and a look at the challenges they face in a time when issues of freedom of information, privacy, technology, and digitization are increasingly important. The contributors argue that archives are essential to contemporary debates about public policy and make a case for more status, funding, and influence within public bureaucracies. While stimulating debate about our rapidly changing information environment, *Better Off Forgetting?* focuses on the continuing role of archives in gathering and preserving our collective memory. The true story of the love triangle murder of Robert Limon—from the New York Times bestselling author of *Missing . . .* and *Presumed Dead*. In *Better off Dead*, Michael Fleeman strips away the pleasant veneer of the Silver Lakes neighborhood in California's high desert to tell a shocking story about a headline-grabbing crime. A conversation with handsome young firefighter Jonathan Hearn leads Sabrina Limon, a vivacious blond mother of two, into a steamy affair that has them hooking up once and twice a week at her home, his home, and out in hidden spots in the vast Mojave. To the outside world, Sabrina and her husband Robert, a hard-working railroad mechanic, seemed matched by their love of family, friends and good times. But the partying had gotten out of control for Sabrina. There was boozing and wife-swapping and group sex. Once a turn-on, it now left Sabrina feeling debased, dehumanized, spiritually adrift. Robert won't talk about it, consumed by his work, boat, truck and porn. Until one hot August night, Robert is found dead of two gunshots in a pool of blood. False leads send police into dead ends until a tip arrives from a most unexpected

place. For Sabrina, it's a stunning betrayal that hurtles the case back to a perfect little place in the desert. With informants, undercover cops and wiretaps, investigators discover a romance fueled by lies and dangerous fantasies—ultimately leading to a devious murder plot . . . The murder of a particularly difficult mother-of-the-bride has cast a pall on wedding planner Annabelle Archer's latest triumph -- and suspicion falls heavily on her sometime-business partner and friend Richard Gerard. Annabelle knows that even her trusted wedding emergency kit won't be able to salvage their careers if she and Richard can't find the real culprit. It's no easy task since the slain matron was perhaps the most hated socialite in D.C., but Annabelle navigates through the city's colorful wedding industry and powerful social scene on the deadly trail of a killer. Always the bridal consultant and never the bride, she's seen her fair share of bouquet tosses. But there's no telling what surprises a ruthless killer will throw her way if she gets too close. "...forced me to look honestly at my habits, and now I know how to change them".

Victor, a hitman without a conscience protects a human rights lawyer in *Better Off Dead*, the bestselling BBC Radio 2 Simon Mayo Book Club pick. A hitman must be anonymous, amoral... and alone Victor is the face in the crowd you don't see, a perfect assassin with nothing to live for. But when an old friend turns to him for help, he finds he can't refuse. For once his objective isn't to kill, but to protect. Hunted through the streets of London by ruthless enemies, Victor needs to be more than just a bodyguard... but his every move leads danger closer to the very person he's vowed to defend. Published in the US as *No Tomorrow*. *Mama Might Be Better Off Dead* is an unsettling, profound look at the human face of health care. Both disturbing and

illuminating, it immerses readers in the lives of four generations of a poor, African-American family beset with the devastating illnesses that are all too common in America's inner-cities. The story takes place in North Lawndale, a neighborhood that lies in the shadows of Chicago's Loop. Although surrounded by some of the city's finest medical facilities, North Lawndale is one of the sickest, most medically underserved communities in the country. Headed by Jackie Banes, who oversees the care of a diabetic grandmother, a husband on kidney dialysis, an ailing father, and three children, the Banes family contends with countless medical crises. From visits to emergency rooms and dialysis units, to trials with home care, to struggles for Medicaid eligibility, Abraham chronicles their access (or lack of access) to medical care. Told sympathetically but without sentimentality, their story reveals an inadequate health care system that is further undermined by the direct and indirect effects of poverty. When people are poor, they become sick easily. When people are sick, their families quickly become poorer. Embedded in the family narrative is a lucid analysis of the gaps, inconsistencies, and inequalities the poor face when they seek health care. This book reveals what health care policies crafted in Washington, D. C. or state capitals look like when they hit the street. It shows how Medicaid and Medicare work and don't work, the Catch-22s of hospital financing in the inner city, the racial politics of organ transplants, the failure of childhood immunization programs, the vexed issues of individual responsibility and institutional paternalism. One observer puts it this way: "Show me the poor woman who finds a way to get everything she's entitled to in the system, and I'll show you a woman who could run General Motors." Abraham deftly weaves these themes together to make a persuasive case for health care reform while unflinchingly presenting the complexities that will make true reform as difficult as it is necessary. *Mama Might Be Better Off Dead* is a book with the power to change the way health care is understood in America. For those seeking to learn what our current system of health care promises and what it delivers, it offers a place for the debate to begin. Presents an analysis of the costs and benefits of EU membership. This book shows that the net economic effect of EU membership is close to zero. It does not argue for Britain's withdrawal. But, it says, withdrawal

should 'not be dismissed as a practical option for the nation, if membership imposes conditions that the country finds onerous'. North Lawndale, a neighborhood that lies in the shadows of Chicago's Loop, is surrounded by some of the city's finest medical facilities, Yet, it is one of the sickest, most medically underserved communities in the country. *Mama Might Be Better Off Dead* immerses readers in the lives of four generations of a poor, African-American family in the neighborhood, who are beset with the devastating illnesses that are all too common in America's inner-cities. Headed by Jackie Banes, who oversees the care of a diabetic grandmother, a husband on kidney dialysis, an ailing father, and three children, the Banes family contends with countless medical crises. From visits to emergency rooms and dialysis units, to trials with home care, to struggles for Medicaid eligibility, Laurie Kaye Abraham chronicles their access—or more often, lack thereof—to medical care. Told sympathetically but without sentimentality, their story reveals an inadequate health care system that is further undermined by the direct and indirect effects of poverty. Both disturbing and illuminating, *Mama Might Be Better Off Dead* is an

unsettling, profound look at the human face of health care in America. Published to great acclaim in 1993, the book in this new edition includes an incisive foreword by David Ansell, a physician who worked at Mt. Sinai Hospital, where much of the Banes family's narrative unfolds.

Straight Talk and solid retirement advice for all Canadians In the face of government changes, financial market volatility, and an aging workforce, Canadians are understandably concerned about the impact on their finances and their future retirement. This reassuring book debunks the generally-accepted claims about necessary savings rates, which can cause paranoia among those beginning to contemplate retirement. The authors offer greater insight into planning approaches that are not widely understood, demystifies retirement targets (age, savings, income), and outlines concrete approaches to maximizing retirement savings. Offers practical advice for dealing with the changes to Canada's retirement system Includes advice for calculating your Neutral Retirement Income Target Contains solid financial advice in accessible language Written by the Executive Chairman and Chief Actuary of Morneau Shepell

Canada's national actuarial consulting firm The Real Retirement offers a down-to-earth guide for preparing for comfortable retirement and shows what it takes to achieve it. We always look to the greener pastures, thinking our lives would be so much better over there, but if we were over there, what if all we wanted was to go back? Instead, we found ourselves trapped with the darker side to our fears. The author of *Smile When You're Lying* describes his controversial road trip investigation into the cultural divide of the United States during which he met with possum-hunting conservatives, trailer park lifers and prayer warriors before concluding that both sides might benefit if former Confederacy states seceded.

Adrienne Wilson is a depressed, suicidal teenager—until the day she receives a diagnosis of stage IV liver cancer. Facing the fight of her life, Adrienne discovers how much she wants to live. In *Better Off Bald: A Life in 147 Days*, Andrea Wilson Woods chronicles her sister's remarkable life from the time she was born to the day she dies at age fifteen. Written like a journal, Andrea takes the reader inside her and Adrienne's journey explaining how she gained custody of Adrienne from their mother and how the sisters' relationship evolved over time. Adrienne's courageous spirit shines through as she squeezes more life

into 147 days than most people do in a lifetime. From meeting Jay Leno to spending the day with Dave Navarro of Jane's Addiction, Adrienne makes every moment count. As she lay dying, Adrienne teaches Andrea how to live. On a mission to prove that modern technological advances make lives more inconvenient and less healthy, Brende and his wife lived for 12 months among an energy-free farming community. Santa finds himself in a stitch of trouble in the tenth in the series from the national bestselling author of *The Stitching Hour*... Marcy is busy helping her customers make hand-crafted ornaments at her embroidery shop, the Seven-Year Stitch. But despite the yuletide bustle, when her friend Captain Moe asks for her help, she can't refuse—especially when the favor is to play the elf to his Santa for sick children at a local hospital. Despite the ridiculous outfit, Marcy finds herself enjoying spreading cheer—until the hospital's administrator is found murdered. Although the deceased had plenty of people willing to fill her stocking with coal, evidence pins the crime on Moe. Now it's up to Marcy, with the help of her police officer boyfriend Ted and her Irish Wolfhound Angus, to stitch together the clues to clear Moe's name—before someone else winds up crossed off Santa's list for good... "When bestselling romance novelist Mona Berman's husband announces that he's leaving her for Dominique, a French woman younger, thinner, and blonde, her life is turned upside down. Luckily, Mona has her two best friends to keep the good advice coming and the stiff martinis flowing. Adding to the fun are her three spirited teenage daughters; her faithful and fabulous assistant, Anthony; Ben, the world's sexiest plumber; and her crazy Aunt Lily, who moves in the day Mona's husband moves out. Mona and her girls head to the Jersey Shore for the summer, and they're in for a post-divorce adventure as juicy as one of Mona's novels. Will life imitate art and give Mona a second chance at a happy ending?"-- Back cover.
