"Writing well takes practice; it can also be fun and interesting. This student workbook is packed with charts, examples, worksheets, exercises and sample essays, everything you need to improve your high-school essay writing"-- Back cover. Suggested level: secondary. In this wickedly humorous manual, language columnist June Casagrande uses grammar and syntax to show exactly what makes some sentences great—and other sentences suck. Great writing isn't born, it's built—sentence by sentence. But too many writers—and writing guides—overlook this most important unit. The result? Manuscripts that will never be published and writing careers that will never begin. With chapters on “Conjunctions That Kill” and “Words Gone Wild,” this lighthearted guide is perfect for anyone who's dead serious about writing, from aspiring novelists to nonfiction writers, conscientious students to cheeky literati. So roll up your sleeves and prepare to craft one bold, effective sentence after another. Your readers will thank you. Webster's New Essential Writer's Companion is a helpful guide to the mechanics of good writing and effective research including the latest electronic resources. With sections on grammar, punctuation, style, usage, and proofreading, this easy-to-use reference offers invaluable guidance to writers looking to give every piece of writing that polished finish. Additional advice on constructing logical sentences and paragraphs shows how to build a convincing overall argument. Key sections on research explain how to take full advantage of the powerful search tools available over computer networks, both inside and outside a traditional library setting. Compact and to the point, this nifty handbook is an ideal resource for the home, office, or classroom. Part of the Companion Guides series on law and practice for the criminal justice system originated by Nigel Stone, this book catalogues common offences, from arson to unlawful sexual intercourse, for which authoritative guidance (by the Magistrates' Association and by Court of Appeal judgments) has been given. Written for authors of pre-sentence reports, this book aims to enable them to form an exact view of seriousness by reference to Court of Appeal decisions. It has been revised to take account of recent legislation, covers the most common areas of offending, and has been expanded to cover more offences. It discusses the Magistrates' Association Guidelines, previous convictions, and the success or failure of previous sentences. PLEASE NOTE - this is a replica of the print book and you will need paper and a pencil to complete the exercises. Puzzled by past tenses? Confused by comparatives? This clearly structured and beautifully presented workbook includes grammar practice activities that make learning English grammar incredibly easy. The English for Everyone English Grammar Guide Practice Book is an essential companion to the English for Everyone English Grammar Guide, a comprehensive reference book that makes even the trickiest grammar rules clear and simple. The Practice Book mirrors the unit-by-unit structure of the Grammar Guide. Each Practice Book unit is full of carefully graded grammar exercises to drill and reinforce the grammar you have learned in the corresponding English Grammar Guide unit. These exercises will help you build up your confidence and become more fluent, giving you the chance to practise using the most important English grammar constructions again and again. Ideal for learners at all levels, and covering CEFR levels A1 to C1, the English for Everyone English Grammar Guide Practice Book presents basic (beginner), intermediate, and advanced English grammar in one easy-to-navigate book. Like all books in the innovative English for Everyone series, it uses a visual learning method: many of the exercises are accompanied by attractive illustrations that put grammar practice points into context and give you visual cues to help you understand the exercises. Whether you want to improve your grammar for work, study, travel, or exams, the English for Everyone Grammar Guide Practice Book offers you a simple way to learn English grammar, remember it, and use it with confidence. Examines whether race is a factor influencing the sentences imposed on men and women in the English Crown Courts. Based on many cases, this study reveals a pattern of racial differences in the resort to custody, the lengths of sentences, and the choice of alternative punishments. Intended to provide a richer context for the issues posed in Part One, this book provides a comprehensive but accessible account of the generic provisions governing sentencing, both as a question of principle and as a procedural challenge. Particular attention is paid to recent Court of Appeal interpretations and guidance. It goes on to detail the legislation and case law relating to each specific kind of sentence, order and ancillary measure, from automatic life imprisonment for a second serious offence to banning orders for football offenders. Intermediate measures such as deferment of sentence and committal for sentence are fully explored, as are the consequences of breach of conditional discharge or suspended sentence. Although written with probation and youth justice workers primarily in mind, it is likely to be valuable to other criminal justice practitioners seeking a convenient reference book. The Essential Writer's Companion is a complete guide to effective communication. It

contains basic information on spelling, punctuation, word formation, style, grammar, and proofreading - all organized clearly and accessibly. Learn how to construct persuasive sentences and paragraphs to ensure that your written work is to the point and forceful throughout. Special sections on writing papers and reports and on doing research in the library round out this indispensable volume for school, home, or office. This text has become the standard reference book on enforcement for practitioners in the probation service and youth offending teams, and has also proved a valuable aid to defence advocates, court clerks, magistrates and other professionals who need an accessible but comprehensive sourcebook on the subject. This guide uniquely covers the generic provisions governing enforcement via prosecution, identifies the basis for legal proceedings across the range of community orders, explains the framework of enforcement by the Parole Board and the Prison Service, and also details the enforcement of financial penalties. Also outlined: sex offenders' notification to the police; breach of hostel bail conditions; parenting orders. I went to the store. Welcome! This is the practice sentences companion book to Learn Thai, A Beginner's Guide to the Thai language, and Learn English, A Beginner's Guide to the English Language, Written in Thai. This is arguably the more important book, as it is really the repetition of understanding various Thai/English sentences that will cause your skill to improve. Tone and phonetic pronunciation for the Thai is included, so you can recreate the proper sound and tone for each sentence. In this book, the five Thai tones are labeled: H - High M - Middle L - Low HTL - High-to-Low LTH - Low-to-High A landmark in legal publishing, The Oxford Companion to the Supreme Court is a now classic text many of whose entries are regularly cited by scholars as the definitive statement on any particular subject. In the tradition of that work, editor in chief Kermit L. Hall offers up The Oxford Companion to American Law, a one-volume, A-Z encyclopedia that covers topics ranging from aging and the law, wiretapping and electronic eavesdropping, the Salem Witch Trials and Plessy vs. Ferguson. The Companion takes as its starting point the insight that law is embedded in society, and that to understand American law one must necessarily ask questions about the relationship between it and the social order, now and in the past. The volume assumes that American law, in all its richness and complexity, cannot be understood in isolation, as simply the business of the Supreme Court, or as a list of common law doctrines. Hence, the volume takes seriously issues involving laws role in structuring decisions about governance, the significance of state and local law and legal institutions, and the place of American law in a comparative international perspective. Nearly 500 entries are included, written by over 300 expert contributors. Intended for the working lawyer or judge, the high school student working on a term paper, or the general adult reader interested in the topic, the Companion is the authoritative reference work on the subject of American law. The Official Guide Companion for Sentence Correction is designed to be used in conjunction with the Official Guide for GMAT Review, 2015 and 13th Editions. Written by Manhattan GMAT's 99th-percentile instructors, this book breaks down and explains each of the 140 sentence correction problems contained in the GMAT Official Guide in a clear and simple manner accessible to students of all ability levels. The explanations in this book focus in on the solving process and work to emphasize the connection between sentence meaning, structure, and correct grammar. Furthermore, all explanations align with the methodology and grammar rules taught in Manhattan GMAT's complete courses and provide a framework for answering any sentence correction questions you may see on the real test. Purchase of this book includes six months of online access to 6 full-length, computer-adaptive practice exams and GMAT Navigator. Expert Teacher Harlen F. White's help Whether you're a busy professional or on the job hunt, Perfect Guide to English Grammar makes it easier than ever to improve your Understanding of English grammar. This book presents the most complete exposition of the theory of head-driven phrase structure grammar (HPSG), introduced in the authors' Information-Based Syntax and Semantics. HPSG provides an integration of key ideas from the various disciplines of cognitive science, drawing on results from diverse approaches to syntactic theory, situation semantics, data type theory, and knowledge representation. The result is a conception of grammar as a set of declarative and order-independent constraints, a conception well suited to modelling human language processing. This self-contained volume demonstrates the applicability of the HPSG approach to a wide range of empirical problems, including a number which have occupied center-stage within syntactic theory for well over twenty years: the control of "understood" subjects, long-distance dependencies conventionally treated in terms of wh-movement, and syntactic constraints on the relationship between various kinds of pronouns and their antecedents. The authors make clear how their approach compares with and improves upon approaches undertaken in other frameworks, including in particular the government-binding theory of Noam Chomsky. From before sentence until after release on licence, prisoners serving life sentences (5% of the prison population) present practitioners with some of their most difficult problems. Issues of risk assessment and public apprehension combine with a mass of bureaucracy and Home Office circulars to cause practitioners continuous anxiety. Does grammar bother you? Does it first inspire boredom, then fear? Since the virtual removal of formal grammar teaching from our schools' standard curriculum forty years ago, such negative responses have increasingly characterised students and professionals alike. As this lively and user-friendly book sets out to prove, that is both unfortunate and unnecessary. Not only is grammar an enabling servant rather than a tyrannical set of absolute rules: it can also be fun. This light-hearted guide offers extensive coverage of Parts of Speech, Syntax, Inflection and Punctuation, along with a detailed look at common errors and misconceptions. Regular exercises are included, as is a baleful survey of Political Correct usage, whose desire to sanitize and control the way we speak is injurious to grammar, language itself and indeed the way we live now. The aim throughout this book is to reassure and entertain as well as instruct. This handy volume puts an amusing light on grammar, and as such it is guaranteed to banish boredom and fear. The Good Grammar Guide can also be read as a companion to one of Richard Palmer's other publications, Write in Style 2nd Edition, also published in Routledge's Study Guides series. This book presents the findings of a major cross-linguistic experiment in sentence production, involving 10 languages from around the world. It demonstrates that many aspects of language (including word- and clause- order, topicalization, spatial deixis, referential elaboration, among others) are governed by universal cognitive principles of perception, attention, and communication. The findings of this study, based on a linguistically sophisticated psychological theory and a careful, extensive experimental design, bear on such important issues as the bases of linguistic universals, functionalist theories of language, the relationship between language and thought, and the psychological reality of pragmatic (communicative) principles. This book should therefore be of interest to researchers in linguistics, psychology, cognitive science, philosophy of language, anthropology, and communication. A remarkable tale of empire and exile, restoring to vivid life one of the most extraordinary and colourful figures of medieval history. Jem Sultan, born in December 1459, was one of the wonders of his age. A Turkish prince held captive in Europe at a time when the Ottoman Empire was at its peak, he was renowned throughout the continent as a romantic, mysterious figure. Today he is almost forgotten in the West, but in Turkey he is still a heroic figure, a gallant poet-prince who never grows old, his tomb a place of pilgrimage. capture of Constantinople in 1453. When Mehmet died in 1481 Jem and his brother Beyazet fought a year-long war for the succession. Jem lost, and fled to Rhodes. He was held for seven years in various castles in France, then imprisoned in the Vatican. He died in 1495, probably poisoned by the infamous Borgia Pope, Alexander VI. His body was finally returned to Turkey in 1499. John Freely, who has had access to original documents in English, Turkish, French and Italian, tells the remarkable story of Jem Sultan from his childhood and youth in the palaces of the Ottoman Empire through his war with his brother and his long years of exile in Europe. GMAT Sentence Correction Guide is an exciting new addition to Manhattan Review's Turbocharge Your GMAT series. Includes tips on sentence length, use of sexist pronouns, cliches, vagueness and wordiness, poor punctuation, and the mechanics of handling quotations. Annotation copyright Book News, Inc. Portland, Or. The Companion Guide to Enforcement provides expert guidance on the legal minefield surrounding the enforcement of court orders and post-custody licences, aimed at both newer and more experienced practitioners. This revised 4th edition: \* Charts the shifts in the probation service's relationship to enforcement \* Considers principled approaches to enforcement \* Provides a step by step guide to enforcement proceedings in court \* Deals with the generic community order and suspended sentence order for adults \* Covers the full range of youth justice sentences, including the youth rehabilitation order \* Outlines all available custodial sentences, including public protection sentences under the CJA 2003 \* Details procedures for release of prisoners on licence and recalls to prison \* Explains the role of the Parole Board \* Looks at specific orders in relation to sexual and violent offenders \* Contains specimen forms and extracts from legislation . This book offers a detailed study of the truth-bearers problem, that is, the question of which category of items the predicates 'true' and 'false' are predicated. The book has two dimensions: historical and systematic. Both focus around Tarski's semantic theory of truth. The author locates Tarski's ideas in a broad context of Austrian philosophy, in particular, Brentano's tradition. However, Bolzano and phenomenology (Husserl and Reinach) are also taken into account. The historical perspective is completed by showing how Tarski was rooted in Polish philosophical tradition originated with Twardowski and his version of Brentanism. The historical considerations are the basis for showing how the idea of truth-bearers as acts of judging was transformed into the theory of truth-bearers as sentences. In particular, the author analyses the way to nominalism in Polish philosophy, culminating in Lesniewski, Kotarbinski and Tarski. This book is indispensable for everybody interested in the evolution of Austrian philosophy from descriptive psychology to semantics. It is also a fundamental contribution toward a deeper understanding of the philosophical background of Tarski's theory of truth. Do your sentences run longer than a page? Or do they hang in the air, waiting for a subject, an object or some punctuation to finish them off? This easy-to-use guide to sentence writing not only teaches you how to overcome run-ons and sentence fragments, but also all of the sentence construction obstacles encountered by anyone who needs to master (or re-master) the English language—all without making you do a single dreaded diagram! You'll learn a sentence-combining approach to writing that goes beyond helping you avoid errors by teaching you how to create sound sentences with variety and style. You'll also find: Clear discussions of rules and strategies for good writing. Easy-to-understand explanations and plenty of exercises, from fill-in-the-blanks to transforming short sentences into longer and more graceful combinations. An answer key at the back of the book to encourage you to work at your own pace and check your answers as you go. Even if you can't spare 30 minutes a day to learn how to write brilliant sentences, Better Sentence Writing in 30 Minutes a Day allows you to customize your learning to take as little as five minutes a day. Just like its companion guides in the Better English Series, this book is just what the teacher ordered! CORRECTIONS TODAY, 3rd Edition, is a briefer, visual, paperback alternative to hardback Introduction to Corrections texts, ideal for instructors who are looking for course materials that present numerous real-world concepts and applications. It examines the field of corrections through the lens of students who are giving serious thought to a career in the field or are working in corrections while seeking an advanced degree in order to be promoted or switch job paths. CORRECTIONS TODAY, 3rd Edition, offers a practical, engaging, career-focused, and authoritative introduction to corrections. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
