Poetry is a form of literature that uses aesthetic and rhythmic qualities of language—such as phonaesthetics, sound symbolism, and metre—to evoke meanings in addition to, or in place of, the prosaic ostensible meaning. Poetry has a long history, dating back to the Sumerian Epic of Gilgamesh. Early poems evolved from folk songs such as the Chinese Shijing, or from a need to retell oral epics, as with the Sanskrit Vedas, Zoroastrian Gathas, and the Homeric epics, the

Iliad and the Odyssey. Poetry uses forms and conventions to suggest differential interpretation to words, or to evoke emotive responses. Devices such as assonance, alliteration, onomatopoeia and rhythm are sometimes used to achieve musical or incantatory effects. The use of ambiguity, symbolism, irony and other stylistic elements of poetic diction often leaves a poem open to multiple interpretations. Similarly figures of speech such as metaphor, simile and metonymy create a resonance between otherwise disparate images—a layering of meanings, forming connections previously not perceived. This book outlines the literary devices used in poetry. These books are intended to make Virgil's Latin accessible even to those with a fairly rudimentary knowledge of the language. There is a departure here from the format of the electronic books, with short sections generally being presented on single, or double, pages and endnotes entirely avoided. A limited number of additional footnotes is included, but only what is felt necessary for a basic understanding of the story and the grammar. Some more detailed footnotes have been taken from Conington's edition of the Aeneid. Though left uncompleted, "Kubla Khan" is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet's imagination through his whimsical description of Xanadu, the capital city of Kublai Khan's empire. Samuel Coleridge penned "Kubla Khan" after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem. An unforgettable depiction of the psychological impact of war, by a young Iraq veteran and poet, *THE YELLOW BIRDS* is already being hailed as a modern classic. It is also a story of love, of great courage, and of extraordinary human survival. Everywhere John looks, he sees Murph. He flinches when cars drive past. His

fingers clasp around the rifle he hasn't held for months. Wide-eyed strangers praise him as a hero, but he can feel himself disappearing. Back home after a year in Iraq, memories swarm around him: bodies burning in the crisp morning air. Sunlight falling through branches; bullets kicking up dust; ripples on a pond wavering like plucked strings. The promise he made, to a young man's mother, that her son would be brought home safely. Written with profound emotional insight, especially into the effects of a hidden war on families at home, *THE YELLOW BIRDS* is one of the most haunting, true and powerful novels of our time. The family of a wealthy lawyer keep a 'tamed progressive' as a pet; a zoo saves money for the workers by fashioning their elephant from rubber; a swan is dismissed from the municipal park for public drunkenness; and under the Writers' Association, literary critics are banished to the salt mines. In these tales of bureaucrats, officials and artists, Mrozek conjures perfectly a life of imagined crimes and absurd authority. *Hard Times* illustrated Charles Dickens - *Hard Times: For These Times* (commonly known as *Hard Times*) is the tenth novel by Charles Dickens, first published in 1854. The book surveys English society and satirises the social and economic conditions of the era. "Now, what I want is, Facts. . . . Facts alone are wanted in life." Thus begins Superintendent Mr. Gradgrind—a wealthy, retired merchant—addressing a group of young students at his school in the industrial town of Coketown, England. A rigid man of fact, rational self-

interest and realities, he not only teaches his pupils according to the utilitarian principles, but also raises his children with the same philosophy. When they grow up, as their lives begin to turn chaotic, they reproach their father for their upbringing. Will Mr. Gradgrind realize his flaws and become a humble man? Satirizing the laissez-faire system, Dickens' *Hard Times* lays bare the wide gap between the rich and the poor. Criticizing the materialistic world, this Victorian novel throws light on the value of emotions and the human heart. It has undergone several film and theatre adaptations. Seminar paper from the year 2009 in the subject English - Literature, Works, grade: 1,7, Johannes Gutenberg University Mainz, course: Proseminar, language: English, abstract: Theodore Dreiser published his first novel, *Sister Carrie*, in 1900. His most famous work, *An American Tragedy*, was printed in 1925. Reading criticism on Theodore Dreiser's novels, one can get the impression that Dreiser's style is atrocious and chaotic. "It is questionable whether he ever wrote a single sentence capable of giving pleasure to itself" (qtd. in Allen 81). Stoll quotes critics that maintain that Theodore Dreiser was never able to obtain a technique of narrative writing. They argue that his writings are poor or that he writes without structure and that his style influences his novels' quality in a bad way (cf. Stoll 4-12). "Dreiser's writing inevitably suffered from his poor taste, inadequate attention to the niceties of diction and an ear insufficiently attuned to style and tone" (qtd. in Flanagan 289). However, these critics are not completely true. The following paper will show that Dreiser's writing is not entirely bad and that his diction was not completely arbitrary. Therefore, the novels *Sister Carrie* and *An American Tragedy* will be analyzed with respect to

imagery, symbolism, and some rhetorical devices. "The Old Man and the Sea" by Ernest Hemingway. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. The first one sees the people fleeing from war and persecution and asks, "Why here? Why my country?" It is a feeling many people share. It is one of fear and suspicion. But when you read the text the opposite way, a new voice emerges. It says, "Why not make them welcome? Why not share the things we have?" The world is undergoing a period of mass human migration. Whether this is caused by war, persecution or economics, the people we see on the news in those camps are waiting-- waiting to live their lives. There are two sides to every debate. There are two sides to a wall. This story shows both sides of the issue with skill and the illustrations depict the issue in a magic realism style, powerful but never frightening, and will promote a deeper discussion on this topic with an older child. A Tale of Two Cities (1859) is a historical novel by Charles Dickens, set in London and Paris before and during the French Revolution.
