One of the most visited sites in Italy, the Roman Forum is also one of the best-known wonders of the Roman world. Though a highpoint on the tourist route around Rome, for many visitors the site can be a baffling disappointment. Several of the monuments turn out to be nineteenth- or twentieth-century reconstructions, while the rubble and the holes made by archaeologists have an unclear relationship to the standing remains, and, to all but the most skilled Romanists, the Forum is an unfortunate mess. David Watkin sheds completely new light on the Forum, examining the roles of the ancient remains while revealing what exactly the standing structures embody—including the rarely studied medieval, Renaissance, and Baroque churches, as well as the nearby monuments that have important histories of their own. Watkin asks the reader to look through the veneer of archaeology to rediscover the site as it was famous for centuries. This involves offering a remarkable and engaging new vision of a well-visited, if often misunderstood, wonder. It will be enjoyed by readers at home and serve as a guide in the Forum. Best Travel Series of the Year, 2008. Hooper, Brad (author). FEATURE. First published September 15, 2008 (Booklist). We select the Little Black Travel Books as our travel guide series of the year. The main reasons for designating these guides as best of the year are their portability and user friendliness....each volume has a neat, tidy, and nicely detailed foldout map to the particular area under discussion. The chapters in each volume correspond to the geographical areas into which the authors divide the city for the tourist. Each chapter gives basics on places to see, available art, and entertainment venues, places to eat and drink, where to shop, and where to stay. Visiting the Roman Forum is one of the highlights of any trip to Rome. This area was the heart of the Roman Empire. Here, the senate took decisions that affected people as far away as Britain and Syria. The Romans gathered here to hear news about the Empire. Triumphal processions took place here. However, when you visit the Forum now, you find mostly piles of old stones. Without a good guidebook, you might even wonder why this place is so important. However, if you come well prepared and you know what you are looking at, the Roman Forum can come alive and your visit will be much more satisfying. I am a tour guide and art historian, who has worked in Rome for many years. The forum is always one of my favorite destinations in Rome, because there are so many stories to tell about the temples, basilica's and arches. I hope this quick guide will help you enjoy the Forum as it should be enjoyed. It is a journey into the history of the Roman Empire. Probably no monument in the world is as well-known as the Colosseum, the icon of Rome and of antiquity. This guide, conceived exclusively in digital format, will help you discover its secrets, its stories, the protagonists of its history, Nero, the gladiators, the games involving animals and ships, the main events of its history, from splendour to ruin. A unique, clever, informative, and incomparable guide to Rome. Written by one of Italy's most distinguished journalists, this guidebook-a favorite in Italy and Germany-combines vivid, engaging descriptions and background with great practicality and enormous breadth of knowledge. A book both for people visiting Rome for the first time and for those who find themselves frustrated by the city's sheer complexity, this is an utterly reliable and accessible companion that brings the staggering riches of the Eternal City to vivid life. Comprehensive in scope, but plotted with both precision and panache, it will help any visitor make the most of even the briefest time in Rome.
