The Small eBay Business Guide - from the author of - The Entrepreneur's Guidebook: 10 Questions You Must Answer Before Starting Any Business (available on Amazon as eBook & Paperback). From the book's introduction: 'This book doesn't lay out exactly what product you should sell, for how much and to whom. If that were the case then if even 10 people were to follow that advice the market would have become flooded overnight, with too much competition and not enough space for everyone to have a slice of that particular pie. Rather, this book lays out theoretical advice that can be applied to huge range of products, meaning that whether your interest is in hand-blown glass, car parts, clothing or even computers, you can still use the information enclosed in these pages. The book is short, because it needn't be long. Getting overly technical isn't necessary, all this advice and ideas can be actioned with just a normal grasp of using eBay. If you are someone who wants to start up an eBay business, create a side income, dip your toe into the e-commerce world and see if it's for you or even take your current account that just sells old things you find in the attic to the next level, then this is the book for you.'
